## SHE KNOWS HOW TO USE THEM

Getaway sticks. Gams. Pins. Call them what you will, a sightly pair of legs can still stop traffic. After all, ZZ Top, Van Halen and Rod Stewart didn't record any hit songs about arms. From Anne Bancroft's seductive single-leg tease in *The Graduate* to Sharon Stone's sensuous shift in *Basic Instinct* to the ubiquitous POV beach shots that fill our social media feeds, sexy legs still satisfy our most primal desires. In this Playboy Special Collector's Edition we celebrate the luscious limbs, including many from our popular *The Height Report* pictorial as well as some current favorites from our many foreign editions.

LEGS

A woman with dark hair and large white floral earrings is the central figure. She is wearing a black corset with lace and a long, flowing red skirt. She is posed in a dark, industrial environment with metallic structures and pipes in the background. The lighting is dramatic, highlighting her figure against the dark background. The word "LEGS" is written in a stylized font in the upper right corner, with a small Playboy bunny logo above it.
